

Waste Disposers

Cleaner, more convenient and environmentally responsible

Fast becoming the must-have sink appliance for today's modern kitchen. At the touch of a button, food waste is dealt with hygienically and instantly - rather than leaving it in the bin to encourage smells, bacteria and insects.

Waste disposers don't just offer practical convenience, they provide an environmentally sound answer to the growing problem of food waste.

Stainless Steel Wine Cabinets

These wine coolers combine contemporary stainless steel and clear glass finishes with quality beech shelves. They are designed to be fitted below the worktop to give a clean integrated look and are offered in a variety of sizes. They allow for storing both white and red wines as they have a temperature range of 5°C to 18°C, (recommended temperature for serving white wine 5°C, recommended temperature for serving red wine is 18°C). We offer two single temperature zone versions and one model that has separate zones that can be set at different temperatures for maximum flexibility.

Ref. WI3113
