

Ceramic Properties

Heat resistant to 1200° centigrade - this means pots from the stove and casserole dishes straight from the oven can safely rest on a ceramic sink

Hygienic - totally non-porous, the ultra smooth surface is the most hygienic material for sinks and the easiest to keep clean.

Chemical resistant - resistant to all household chemicals including neat bleach.

Extreme hardness - extremely resistant to impact, the surface is so hard cutlery won't scratch the glazed surface through normal use.

The dimensions of ceramic sinks may vary from those given due to natural shrinkage and expansion during the manufacturing process.

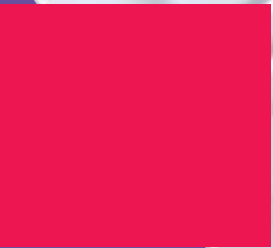

We can provide a chargeable tap-hole knocking-out service if required.

Ceramic Sinks

The whitest , shiniest ceramic sink available anywhere!

Sonnet Inset

The **Sonnet** sinks will truly brighten up any kitchen. Their extra white, pearlescent finish and contemporary, timeless design create a combination that ensures it's place as our most popular ceramic sink.

All models are supplied complete with standard Chrome wastes, alternatively you can choose Gold wastes as an optional extra if you are fitting Gold taps. Don't forget our additional accessories that can transform your sink into a flexible and highly versatile food preparation area.

Rumba Inset

The Rumba's classic design allows these sinks to suit both traditional and modern settings. There are two models - the RUC10 boasts a jumbo size bowl that will easily contain oversized pots and pans whilst the RUC15 benefits from a useful half bowl. Both models are suitable for a waste disposer.

Rondo Inset

The ever popular round bowl and drainer are a really neat solution. They look great in either traditional or modern settings and offer enormous versatility. Choose to fit both bowl and drainer, two bowls or just one bowl only - not a bad choice as a secondary rinse bowl.

Please note the waste for the drainer has a specially designed shallow profile that allows a drawer or appliance to be fitted beneath it.

Chef Inset

The **Chef** continues the traditional theme with a simple classic single bowl with generous dimensions and with an Olympic bowl depth of 250mm.

The **Chef** shares the high quality glaze finish as the **Bistro** and will be perfect choice in a farmhouse style kitchen.
