

Apron Fronted Sinks

Over the following pages you will discover a vast range of Apron fronted sinks all produced using the same traditional hand-crafted methods ensuring each sink is a unique high quality product all sharing a lustrous durable and Hygienic finish. The classic single bowl Belfast remains the most popular classic sink - unchanged for the last hundred years.

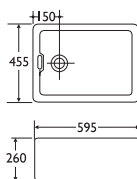

However, modern demands have driven many new designs including double bowl Farmhouse sinks in many different sizes and versions with modern twists. We trust whatever your needs you will find the ideal sink for your home amongst our diverse collection.

Size Variations

It is important to note all fireclay products will vary in size ($\pm 3\%$) due to the natural expansion and contraction that occurs during the baking process. For this reason we strongly advise you receive your sink and check its exact size before it is set into the cabinetry

Farmhouse

Ask any serious cook, a twin bowl sink makes life so much easier. Wash up on one side and rinse in the other, or wash the salad whilst straining the potatoes; the Farmhouse sink's versatility is endless. We have the biggest offering of twin bowl Farmhouse sinks available offering a wide selection of sizes and designs - we are confident that regardless of your own design or size restrictions you will discover the ideal solution amongst these pages.

F800 Apron Fronted

The **F800** is our most popular model offering all the classical styling for a traditional Farmhouse kitchen.

Waste Kit
Chrome £43
Gold £75

The Farmhouse 800 and its sister 800T are the smallest of this group and can be accommodated in quite modest sized kitchens without being too overpowering.

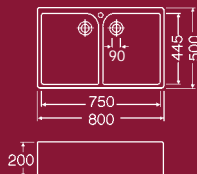

F800T Apron Fronted

The Farmhouse 800T has a semi-prepared tap-hole that can be drilled out to accommodate a monobloc mixer. It also has the shallowest profile of this group.

Artist Editions

Gathering Apron Fronted

Farm scenes from rural peasant life in 18th century Europe come to life in 'Gathering'. The country colour palette and agricultural motifs make any folk art enthusiast's kitchen feel more like home.

We are particularly proud of our Kohler Artist Edition sinks, they are quite stunning in their pattern detail and craftsmanship. Every model has been hand finished with loving care and each piece is quite unique. This collection comprises of two installation types: The Apron Fronted Belfast shown here and the increasingly popular Undermount type (see page 74/75).

Sit-Ons

Sit-On sinks sit directly on to the kitchen cabinetry - no worktop is required. This style of sink maximises the bowl and drainer dimension and provides a total 'wet' area. These are currently enjoying a huge renaissance as fashion is demanding the return of this most practical of sinks. Which-ever model you choose you can be assured of the highest quality hand finished product.

Mistral

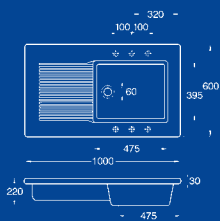

Sit-On

The **Mistral** has three semi-prepared tap-holes - this allows total flexibility for your choice of tap.
