

# Eve

The KWC Eve is a shining example of creativity and innovation. The unique combination of high quality metal (stainless steel or chrome) and a stream of water subtly illuminated by LED's creates a sculpture of light that beguiles with its slim, curved and feminine outline. This complimented by truly sophisticated functionality makes the Eve an absolute highlight without compromise.

## Ref. 10 111 103

Eve with pull-out aerator (without light)  
 Chrome £447  
 Stainless Steel £557

Min. 2.0 bar pressure required  
 Flow rate at 3 bar:  
 Neoperl® Caché 9ltrs per min

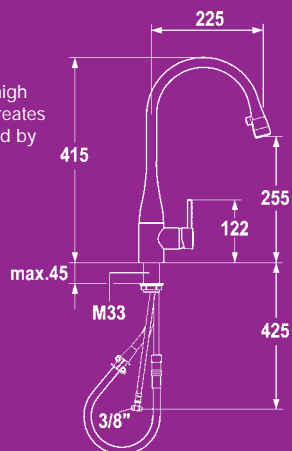

Pull-out length 60cm  
 270° swivel spout  
 Mounting hole size  $\varnothing$  35mm

## Ref. 10 121 103

Eve with pull-out aerator and LED light ring  
 Chrome £601  
 Stainless Steel £710

Min. 2.0 bar pressure required  
 Flow rate at 3 bar:  
 Neoperl® Caché 9ltrs per min

Pull-out length 60cm  
 270° swivel spout  
 Mounting hole size  $\varnothing$  35mm  
 Operating voltage 6.75V, cable length 0.8m

#### A powerful light source

The light emitting diodes integrated into the light ring will last for years and use very little power.

#### Simple operation

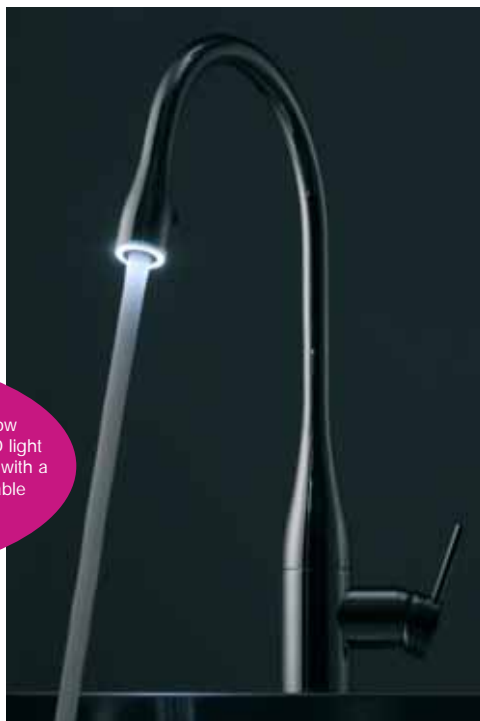

Just press the button and the light play can begin. If you forget about the light, LUMINAQUA® switches off automatically after 45 minutes.

#### Tested safety

LUMINAQUA® works from a low voltage power supply of 6.75V and poses no risk.

Let there be light! KWC Eve starts to glow enticingly at the press of a button. The LED light ring is integrated into the pull-down aerator with a length up to 60cm. The Eve is also available without the LED light.

 Neoperl® Cascade 12ltrs per min

# Ono

KWC Ono encapsulates the aesthetic of an elegant and slim tube design: fine and robust yet clear cut and simple, of decidedly superb quality and perfect proportions that are easy on the eye. Just like the design, there are no compromises in the materials and workmanship either. The high quality construction together with sleek mechanics make the **Ono** range a work of art that is second to none.

The delicate easy to use filigree lever made of hardened steel lend an exceptionally graceful and precise form to this collection of kitchen taps.

# Taps

The unique spring hose returns to its original vertical position after use

## ONO highflex extended water system

The ONO Highflex are the latest generation in semi-professional taps, they are smaller in scale than their predecessors and have been totally modernised resulting in the most stylish multi-purpose tap available today.

One of the many advantages of this minimal styling, apart from its aesthetics, is that it is so simple to use - with its silky smooth swivel spout and brilliantly simple magnetic spray-holder.

Cleaning the Highflex has also never been so easy with the addition of a heavy duty rubber sleeve sheathing the spring spout.

ONO Highflex with swivel spout and pre-rinse spray

Chrome £975

Min. 2.0 bar pressure required

Flow rate at 3 bar:

Neoperl® Cascade 9ltrs per min

Pre-rinse Spray 6ltrs per min

360° swivel spout

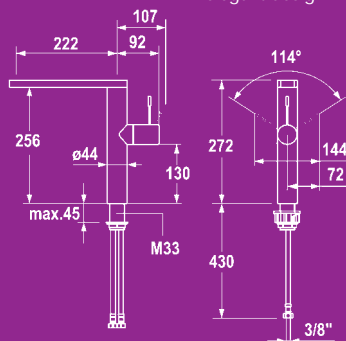

Tap-hole cut out 35mm

# ONO

Together with its big brother the Highflex - these two superbly engineered taps are the latest 2008 additions to the popular ONO range. Both models share the same top mounted 360° swivel spout. This ground breaking new design allows the spout to swivel effortlessly without causing any flexing if mounted on a stainless steel sink.

Its delicate, easy to use, filigree lever is made from hardened steel and is the finial graceful touch that complements a very minimal, streamline and elegant design.

Taps

# Inox

The KWC **Inox** exudes its high quality at every glance and touch. The elegant design combined with the cool solid stainless steel make for a very desirable tap.

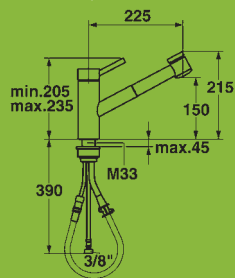

The convenient pull-out spray is a pleasure to operate and with a press of the top of the hand set the water style can change from cascade to needle jets to suit the job in hand.

## Ref. 10 271 033

**Inox** with pull-out spray  
Stainless Steel £591

Min. 1.5 bar pressure required  
Flow rate at 3 bar:

Shower spray 13ltrs per min

Pull-out length 70cm  
160° swivel spout

The pull-out handset in cascade mode.

The pullout handset in shower spray mode. Simply press the top and the flow is transformed from cascade.

The pre-rinse spray with integrated shock absorber is built for the professional kitchen. Two types of spray can be used - the straight spray for targeted use or the conical spray. Thanks to the new lever lock, the spray is also suitable for one-handed operation.

# Systema

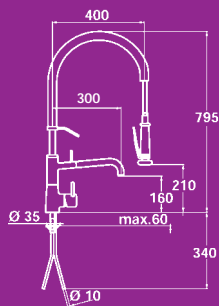

KWC **Systema** is the high performance solution for private households whilst being a design object of timeless elegance. The Systema stands in pride of place in many European homes and its sheer robustness make it a reliable helper in the kitchen for a lifetime.

**Ref. 10 501 144**

# Domo

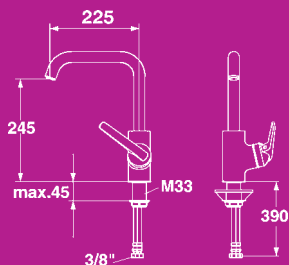

KWC Domo is a true classic and over time has become nothing less than a synonym for the kitchen faucet. Since its launch in 1982, this successful model has undergone several minor redesigns and has therefore always retained a contemporary feel. It is precisely its timeless character that has made KWC Domo the biggest selling line of taps in Switzerland.
